Casio Environment Charter

To conserve the global environment, Casio recognizes the importance of its corporate environmental responsibility across the operations of its entire group. Casio establishes basic policies and specific measures for contributing to world prosperity and human happiness from the broad perspective of international society, and endeavors to implement them.

Fundamental Environmental Policies

1. Casio Group members shall comply with all environmental laws, agreements, and standards in Japan and overseas.
2. The Group shall establish voluntary “Casio Environmental Conservation Rules”^{**} based on consideration for the environment at all product stages of development, design, manufacture, distribution, repair services, and recovery/disposal. All Casio business divisions shall assume responsibility for their implementation, additionally auditing the degree of compliance and making continual improvements.
3. From the standpoint of corporate social responsibility, and as good corporate citizens, all Casio Group members shall apprehend the importance of global environmental conservation and try to heighten their awareness.
4. These policies shall apply to all Casio Group business divisions in Japan and overseas.

^{*}The Casio Environmental Conservation Rules are specific action programs for environmental conservation, set forth in the “Casio Voluntary Plan for the Environment (CVPE).”
