

Product Environmental Assessment Evaluation Items

Green Product Certification Criteria

Consumer products

Allocation of points for environmental design evaluation
90 points or more out of 100 points are required

- | | |
|--|---|
| 1. Material identification | 9. Single material separation and disassembly |
| 2. Design for recycling | 10. Recycled resources |
| 3. Improved ease of disassembly | 11. Green packaging |
| 4. Battery safety | 12. Green procurement components |
| 5. Battery removal | 13. Global warming prevention |
| 6. Battery recycling labeling | |
| 7. Material identification labeling | |
| 8. Disclosure of environmental information | |

Product level evaluation
Conformance with 2 items or more out of 9 items is required

- | | |
|---|---|
| 1. Safety and reuse of resources | 6. Prohibition of designated hazardous substances in components |
| 2. Reduced power consumption and long lasting battery | 7. Application of universal design |
| 3. Reduced number of components | 8. Assessment of environmental impact over product lifecycle |
| 4. Effective use of resources | 9. Use of bioplastic |
| 5. Phasing out of substances restricted by RoHS Directive | |

System products

Allocation of points for environmental design evaluation
810 points or more out of 900 points are required

1. Energy saving
2. Reduce
3. Reuse
4. Recycle
5. Ease of disposal
6. Environmental conservation
7. Packaging materials
8. Provision of information
9. Manuals, catalogs etc.

Product level evaluation
Computers and printers, conformance with 3 items or more
Handheld terminals and electronic cash registers, conformance with 2 items or more

- | | |
|---|--|
| 1. Leader in resource saving | 7. Obtained an energy saving label and registered in the database |
| 2. Leader in energy saving | 8. Application of universal design |
| 3. Leader in low environmental impact | 9. Assessment of environmental impact over product lifecycle implemented |
| 4. Effective use of resources | 10. Use of bioplastic |
| 5. Compliance with the RoHS Directive | |
| 6. Prohibition of designated hazardous substances | |
