

# Editorial Policy

**Casio discloses information to stakeholders about its corporate social responsibility (CSR) initiatives aimed at building a more sustainable world. By constantly improving communication with stakeholders, Casio expects to further improve its CSR performance.**

- Casio provides three channels of CSR reporting to meet the needs of different readers: the Sustainability website, the Sustainability Report, and the CSR Communication Book.

[Sustainability Website]

An easily searchable site that offers comprehensive information on Casio's CSR initiatives.

[Sustainability Report 2015]

A report containing information from the Sustainability website that can be downloaded in PDF format. It may be printed in part or in its entirety, for your convenience.

- An independent opinion from an outside expert has been obtained and included as an objective assessment of the report overall. Third-party verification of environmental performance data has also been obtained to ensure reliability.
- This report contains information deemed to have a high level of importance to both society and Casio. Information importance is determined based on factors such as opinions obtained through dialogue with stakeholders and experts, questionnaire responses from readers of the Casio Sustainability Report, the questions in major socially responsible investment (SRI) surveys, and the items and indicators listed in the guidelines below.
- For details on Casio's management and financial information, visit the [Investor Relations site](#).

## Scope of the report

- **Period**  
This report covers fiscal 2015 (April 1, 2014 to March 31, 2015), and also includes some information pertaining to years before and after fiscal 2014.
